Goin' Down

We're goin' down
We're goin' down
We're goin'
Down, down, down.

Dead on the ground,
Lost will be found,
We're goin'
Down, down, down.

Earth's spinning round,
Don't make a sound,
We're goin'
Down, down, down.

All over the world…
All over the world…

Bridge:
Hope springs eternal
Fire burns inferno
Brought to our knees by own true greed

Prayers or science?
Worldwide compliance?
Both are the things we're gonna need.

We're goin' down
We're goin' down
We're goin'
Down, down, down.

Eyes all a frown in
Hospital gown
We're goin'
Down, down, down

Who wears the crown?
Who rules the town?
They're all goin'
Down, down, down

All over the world…
All over the world…

We're goin' down
We're goin' down
We're goin'
Down, down, down.
